Welcome Back!

Be sure to check out the campus dish website for faculty and staff meal plans that are available to you! You can purchase them from our website at wakeforest.campusdish.com

The new Campus dish 2.0 is up and running! If you seek any additional information on nutrition or hours of service, you can download the app, use the iPad's provided in the Fresh Food Company, or go to wakeforest.campusdish.com.

How to Utilize your Sustainable Campus

When focusing on better diet and lifestyle choices, we know you want fresh, healthy, local, and sustainable offerings. We will have signage with our local food logo pointing out the many fresh, local food options we provide for you! You will find this in our residential and retail food locations.

Be sure to purchase your reusable to-go container from the Green Scene Express or ask at the register in the residential dining halls! Just like a reusable water bottle, this is an additional way to reduce waste and contribute to our sustainable campus! For more information visit wakeforest.campusdish.com.

Discover New Innovations on Campus

Legal Grounds Café

This is a brand new location that is located in the completely renovated Worrell Professional Center. Legal Grounds Café prides themselves on their made to order sandwiches, as well as pastries, that are baked fresh each and every morning! Stay tuned for Chef's specials for the upcoming seasons!

The Pit

The Deli has been updated to fit your busy schedule! Not only are they continuing to offer the custom made to order sandwiches, but they now feature an express deli line! This line is perfect for a quick grab-and-go selection that will have daily sandwich specials and a variety of composed salads.

Starbucks®

Starbucks has been refreshed with a new look! See for yourself the new décor of beautiful new furniture, art pieces, and soothing lighting.
