Required First Year Student
Bystander Intervention Training

Office of Academic Advising
Title IX Office
Safe Office
Office of Wellbeing

As part of the first-year student check-ins through the Office of Academic Advising, the Office of Wellbeing, Safe Office, and the Title IX Office are offering Check In #3. This session will focus on developing a culture of bystander intervention within the Wake Forest community. Students will engage in interactive modules to: 1) raise awareness of helping behaviors, 2) increase motivation to help, 3) develop skills and confidence when responding to problems or concerns, and 4) ensure the safety and wellbeing of self and others.

Note: If students have a university-approved conflict (a class or lab, a university required NCAA athletic event, or a job), it is their responsibility to attend a session that does not conflict with their schedule.
